## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4 August 2008 has been entered.

### ***Status of Claims***

2. Responsive to the amendment filed 4 August 2008, claim 4 is amended to correct a typographical error. Claims 16-19 were previously withdrawn. Claims 1-15 are currently under examination.

### ***Status of Previous Rejections***

3. Responsive to the amendment filed 4 August 2008, the previous grounds for rejection are maintained.

### ***Claim Rejections - 35 USC § 103***

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the

Art Unit: 1793

invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 1-3, 5-10, 12 and 13 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. patent 6,767,360 issued to Alt et al. (hereinafter "Alt").

Regarding claims 1-3, 5-10, 12 and 13, Alt is applied to the claims as stated in the Office Action of 3 August 2007.

6. Claims 11, 14 and 15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Alt as applied to claims 1-3 above, and further in view of U.S. Patent 6,387,121 issued to Alt (hereinafter "Alt '121").

Regarding claims 11, 14, and 15, Alt in view of Alt '121 is applied to the claims as stated in the Office Action of 3 August 2007.

7. Claims 1, 2, 3 and 4 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent 6,845,259 issued to Pacetti et al. (hereinafter "Pacetti"), in view of Alt.

Regarding claims 1-4, Pacetti in view of Alt is applied to the claims as stated in the Office Action of 3 August 2007.

### ***Response to Arguments***

8. Applicant's arguments filed 4 August 2008 have been fully considered but they are not persuasive. Applicants have stated that the invention was made prior to the cited prior art, but there is no evidence on record to support these statements. The rejections based on the Alt reference are in effect.

***Conclusion***

9. All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
